

Questions to ask when talking about death with children

From a biological perspective:

- Why do you think people die?
- Why do hurt or sick bodies die?
- What happens to their body when someone dies?
- How do you think a dead body looks and feels?

From a spiritual perspective:

- What do you think happens to someone's spirit or soul after they die?
- Where do people go when they die?
- What are some ways to remember a person after they have died?
- What do you want to happen to you after you die?
